**Sponsorship
Opportunities**

Formal. Festive. Fabulous!

In September 1986, a group of committed volunteers came together in Philadelphia to form a community of care to provide services to people with HIV. These were the partners, family, and friends of our founding volunteers. These volunteers acted, and ActionAIDS was born! The Reverend Jim Littrell was the first Executive Director, Bob Schoenberg was the first Board President, and Anna Forbes was the first staff member. The mission statement simply read: "ActionAIDS believes that no one should face AIDS alone." In its first year of service, ActionAIDS helped over 100 people.

In June 2016, ActionAIDS became Action Wellness. Thanks to dedicated volunteers, committed staff, generous donors, and ongoing support from city, state, and federal funders, Action Wellness continues to provide life-sustaining services to persons with HIV or at high risk of acquiring HIV and their families.

Each year, Action Wellness serves over 2,000 clients through the efforts of over 200 dedicated volunteers and over 80 professional staff. Our services are client-centered, individualized and trauma-informed. Our work continues to build a strong, diverse, and committed community of caring dedicated to positively impacting the physical, emotional and economic wellbeing of the individuals we serve on a daily basis.
