

ABOUT DINING OUT FOR LIFE

Thirty-six years ago, Action Wellness pioneered an innovative idea to support people with HIV, with the ultimate goal to ensure no one faces HIV alone.

Today, Dining Out For Life® is an annual fundraising event that takes place nationally, and raises money for community-based organizations serving people with HIV. **The concept is simple:** diners feast at their favorite participating restaurant and a portion of the proceeds go to provide services for persons with HIV.

Dining Out For Life Philadelphia directly benefits Action Wellness which provides services in Philadelphia, Delaware, and Bucks Counties.

**Thank you all for dining out with us over the past 36 years!
To date, we've raised over \$5 million!**

Our goal for 2026 is to raise \$90,000!!!
